

# Hatterember

## MODERN REVIVAL CATEGORY

In this kit you have received:

- A piece of double stiffened Buckram
- 3.5m vintage braid
- 2m vintage lace
- 1m vintage veiling
- A vintage flower spray

To ensure fairness, everyone has been supplied the same amount of materials, however each entrant has not been given exactly the same style of their items. At this time we cannot exchange kits if you are not happy with the style you have been provided with.

Please remember: we do not require that you use each product in the bag in its entirety, however we would like you to incorporate a part of each product in your creation. This year you are allowed to use an unlimited amount of additional materials.

We are so excited to see your creative flair in this challenge and our only requirement is that if the piece is made to fit a head, it should be made to fit a head fit of 22.5 inches or 57cm.

Please do not include a maker's mark or label in your finished piece to keep judging fair.

We ask that you please include a Submission Form (available for download on the hatterember website) with your finished piece as we use this to assist us when photographing your piece.

## Important Dates:

Friday 26th August:

All entries must be received at 128 Victoria Rd, Rozelle, NSW 2039

Thursday 1st September:

Winners will be announced at a special celebration! Full details to be confirmed.

Winners will also be announced on Facebook and Instagram and contacted privately if they cannot make it to the event in person. As always proceeds go towards the JSK Fund!

We would like to finish off by thanking you all for entering the competition - we can't wait to see what you all come up with!
